**Re: WC Docket No. 14-58
2016 ETC Annual Report of Pigeon Telephone Company
Study Area Code 310721**

Dear Ms. Dortch:

On behalf of Pigeon Telephone Company ("Pigeon"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313(a)(1).³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Pigeon Telephone Company
Study Area Code 310721
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Pigeon Telephone Company (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313(a)(1).

Request for Confidentiality

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information

**Pigeon Telephone Company's Demonstration of Complying with Service Quality
Standards and Consumer Protection Rules for Voice and Broadband Services**

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Pigeon Telephone Company (“Company”) hereby certifies that it is complying with state and federal service quality standards and consumer protection rules. The Company is subject to consumer protection obligations for voice services under state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Michigan Public Service Commission (MPSC), as specified in Section 202(b) of the Michigan Telecommunications Act (MTA) and MPSC Case No. U-11103, which disclose rates, terms and conditions of service to customers; (2) adherence to Michigan state consumer protection requirements governing telephone providers, Prohibitions as identified in Sections 305 and 502 of the MTA, Costing

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

Procedures as determined by the MPSC in Case No. U-11103, and Compliance with Anti-Slamming Procedures as adopted in MPSC Case No. U-11757 and Case No. U-11900; and (3) CPNI, Red Flag Rules and other federal and state requirements governing the protection of customers' privacy.

As an incumbent licensed local exchange carrier in Michigan, the Company has operated for many years in the telecommunications industry, an industry that has had varying degrees of regulation. The Company's long-time operations in this regulated industry have made it aware of applicable standards and rules. The Company periodically reviews and stays abreast of changes in standards and rules. The Company is a member of a state industry association that monitors these changes and provides information to its members. The Company also hires consultants and attorneys to assist when reasonable or necessary.

As a licensed telecommunications carrier in Michigan, the Company is subject to the Michigan Telecommunications Act (MTA), MCL 484.2101 *et seq.*, and the jurisdiction of the Michigan Public Service Commission (MPSC). The Company must comply with the numerous obligations relating to telecommunications service set out in the MTA and rules the MPSC has adopted under the MTA, the federal Communications Act as amended (FTA), and rules the FCC has adopted under the FTA; and the Company must comply with generally applicable state consumer protection laws.

The Company's obligations include: (1) filing a local exchange service tariff pursuant to the requirements of the MPSC in accordance with section 202(b) of the MTA, MCL 484.202(b), that complies with cost and rate rules stated in the MTA and the MPSC's orders, including the order in MPSC Case No. U-11103 (June 5, 1996), which discloses the rates and terms of service to customers; (2) complying with Michigan's consumer protection law,

MCL 445.901 *et seq.*; complying with the MTA's consumer-oriented conduct requirements set forth in MCL 484.2502, which prohibit, among other things, false, deceptive or misleading statements, cramming, inappropriate charges, causing a probability of confusion, misleading representations regarding the delivery of service, and certain disconnections; (4) complying with Michigan Anti-Slamming Procedures, including those in the MTA, MCL 484.2305, and related rules the MPSC adopted, such as those adopted in Orders in MPSC Case Nos. U-11757 and U-11900; (5) complying with state and federal requirements regarding E 9-1-1 service, basic local exchange service and related matters per Section 2305b(c) of the MTA, MCL 484.2305b(c); and (6) complying with state and federal requirements relating to protecting customers' privacy, including state and federal requirements as to confidential proprietary network information (CPNI) and identity theft.

The Company has consistently taken action to ensure compliance with all of the above by, among other things, the following: it has filed a local exchange service tariff with the MPSC commitment to objective measures to protect consumers.” *Id.* at para. 28. The FCC found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis in accordance with MPSC rules, and that tariff is readily available to customers on line; it has trained its customer service representatives to explain to customers rates, charges, terms and conditions of service, available programs and to furnish customers with reasonable access to information and assistance and the like; it has trained its customer service representatives to interact with customers respectfully and in accordance with consumer protections; it maintains a business office adequately staffed with qualified persons to assist customers; it notifies its customers of their rights; it notifies its

customers regarding the *67 feature and similar functions; it notifies its customers of the Do-Not-Call list and how to participate; it provides directories to customers containing information about programs, rights and responsibilities, and *67 service, among other things (a copy is available in prior state ETC filings); it has adopted an Identity Theft Prevention Policy (a compliance manual and operating procedures—a copy is available in prior state ETC filings) consistent with all applicable “Red Flag” rules; it passes through to its customers all state and federal Lifeline and Link-up discounts, and notifies its customers of the Lifeline program and how to apply if eligible; it has adopted a CPNI compliance manual and operating procedures (a copy is available in prior state ETC filings) consistent with all applicable laws, conducts employee CPNI training, and provides access to CPNI rules in its business office. Also, the Company has certified to the FCC that it complies with the FCC’s CPNI rules.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

**Pigeon Telephone Company's Demonstration of Ability to Function in
Emergency Situations:**

Pigeon Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Michigan Telecommunications Act (MTA). The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites in accordance with the specifications identified in Section 305c(a) of the MTA, 484.2305c Emergency power requirements; compliance.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

The Company has back-up battery reserve in its central office, which enables it to provide service for a minimum of 8 hours, allowing it to function in an emergency situation without an external power source. It also has a standby generator and mobile power units, which can be taken to outside cabinets when needed. Together, the generators and battery back-up enable the Company's central offices to keep running until power is restored (so long as fuel is available), or until system changes are made to re-route traffic.

The Company has redundancy in its network to use in rerouting traffic when its facilities are damaged. The Company also can change call routing translations as needed to re-route traffic around damaged facilities.

The Company's network is engineered to provide maximum capacity in order to manage traffic spikes resulting from an emergency situation. By having back-up power ready and available and having redundancy, all of the Company's facilities are able to keep traffic moving and connecting so as to manage any traffic spikes that may arise from emergency situations.

The Company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur. The Company complies with the FCC's backup power requirements, effective October 16, 2015.

Pigeon Telephone Company (SAC 310721)

Response to Line 1030 – Broadband Rate Comparability

Pigeon Telephone Company provides 10/1 Mbps unlimited broadband, which is available to all customers in its study area, at a rate of \$99.00/month. This rate is higher than the FCC's benchmark rate for 10/1 Mbps unlimited broadband. The Company is located in a very rural part of Michigan, and the costs to deploy broadband are much higher than in more densely populated areas. The Company's customer density is very low, which makes it difficult for the company to recoup costs of deploying broadband networks. As such, the Company chose a rate that it felt was both reasonable for its customers and provided some ability for the company recover its investments.

APPLICANT ACKNOWLEDGEMENTS**PLEASE READ AND INITIAL EACH OF THE FOLLOWING STATEMENTS TO INDICATE THAT YOU UNDERSTAND AND AGREE:**

- I understand and consent to Lifeline Administration Service providing my Lifeline service account information, including but not limited to, my name, residential address, phone number, date of birth, the last 4 digits of my social security number, the date on which my Lifeline service was initiated/terminated, the amount of Lifeline support provided, and the means through which I qualified for Lifeline, to the Universal Service Administrative Company (USAC), USAC's agents and/or the National Lifeline Accountability Database to ensure the proper administration of the Lifeline program. I understand that if I fail to provide this consent, Lifeline Administration Service will deny me Lifeline service.
- Lifeline is a non-transferable benefit and the subscriber may not transfer his or her benefit to any other person.
- Lifeline is a federal benefit and willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program.
- Lifeline support is only available for a single phone line at my principal residence and no one else in my household is receiving Lifeline discounts. (A "household" is defined as any individual or group of individuals who live together at the same address and share income and expenses.)
- Violation of the one-per-household limitation constitutes a violation of the Federal Communication Commission's rules and will result in the subscriber's de-enrollment from the program and potentially prosecution by the US government.
- I understand that if I am identified as receiving more than one Lifeline benefit, all telephone service providers involved may be notified so that I may select one service and be de-enrolled from the other(s).
- I will notify my telephone company within 30 days if I no longer qualify for Lifeline and I may be subject to penalties if I fail to do so.
- I will notify my telephone company within 30 days of any changes to my residential address.
- I will be required to certify my continued eligibility for Lifeline at least once a year and know failure to do so will result in termination of my participation in the program.

Lifeline is a government program that provides a monthly discount on home or mobile telephone services. Only ONE Lifeline discount is allowed per household. Members of a household are not permitted to receive Lifeline service from multiple telephone companies.

Your **household** is everyone who lives together at your address as one economic unit (including children and people who are not related to you).

The **adults** you live with are part of your **economic unit** if they contribute to and share in the income and expenses of the household. An **adult** is any person 18 years of age or older, or an emancipated minor (a person under age 18 who is legally considered to be an adult). Household **expenses** include food, health care expenses (such as medical bills) and the cost of renting or paying a mortgage on your place of residence (a house or apartment, for example) and utilities (including water, heat and electricity). **Income** includes salary, public assistance benefits, social security payments, pensions, unemployment compensation, veteran's benefits, inheritances, alimony, child support payments, worker's compensation benefits, gifts, and lottery winnings.

Spouses and domestic partners are considered to be part of the same household. Children under the age of 18 living with their parents or guardians are considered to be part of the same household as their parents or guardians. If an adult has no income, or minimal income, and lives with someone who provides financial support to that adult, both people are considered part of the same household.

You have been asked to complete this Worksheet because someone else currently receives a Lifeline-supported service at your address. This other person may or may not be a part of your household. Answer the questions below to determine whether there is more than one household residing at your address.

1. Does your spouse or domestic partner (that is, someone you are married to or in a relationship with) already receive a Lifeline-discounted phone? (check no if you do not have a spouse or partner) YES NO

- If you checked **YES**, you may not sign up for Lifeline because someone in your household already receives Lifeline. Only ONE Lifeline discount is allowed per household.
- If you checked **NO**, please answer question #2.

2. Other than a spouse or partner, do other adults (people over the age of 18 or emancipated minors) live with you at your address?

- | | | | |
|--|------------------------------------|----------------------|------------------------------------|
| A. A parent | <u> </u> YES <u> </u> NO | D. An adult roommate | <u> </u> YES <u> </u> NO |
| B. An adult son or daughter | <u> </u> YES <u> </u> NO | E. Other _____ | <u> </u> YES <u> </u> NO |
| C. Another adult relative (such as a sibling, aunt, cousin, grandparent, grandchild, etc.) | <u> </u> YES <u> </u> NO | | |

- If you checked **NO** for each statement above, you do not need to answer the remaining questions. Please initial line B, below, and sign and date the worksheet.
 - If you checked **YES**, please answer question #3.
3. Do you share living expenses (bills, food, etc.) and share income (either your income, the other person's income or both incomes together) with at least one of the adults listed above in question #2? YES NO
- If you checked **NO**, then your address includes **more than one household**. Please initial lines A and B below, and sign and date the worksheet.
 - If you checked **YES**, then your address includes only **one household**. You may not sign up for Lifeline because someone in your household already receives Lifeline.

CERTIFICATION

Please initial the certifications below and sign and date this worksheet. Submit this worksheet to _____ [insert company or agency name] along with your Lifeline application.

- A. I certify that I live at an address occupied by multiple households.
- B. I understand that violation of the one-per-household requirement is against the Federal Communication Commission's rules and may result in me losing my Lifeline benefits, and potentially, prosecution by the United States government.

LOCAL TELEPHONE EXCHANGE SERVICE

LIFELINE SERVICE

A. DESCRIPTION

1. Lifeline Service applies discounts to monthly recurring rates for qualifying residential customers. These discounts are applied to existing tariffed rates and charges for residential telephone service.
2. In order to be eligible for Lifeline Service a residential customer's household income must be at or below 150% of the poverty level as determined by the United States Office of Management and Budget and as approved by the State Treasurer or the customer must participate in one of the following federal assistance programs:
 - a. Medicaid
 - b. Food stamps
 - c. Supplemental security income
 - d. Federal public housing assistance
 - e. Low-income home energy assistance program
 - f. National school lunch program's free lunch program
 - g. Temporary assistance for needy families.
3. Lifeline Service includes the services and functionalities enumerated in by the F.C.C. as follows: voice grade access to the public switched network; local usage; dual tone multi-frequency signaling or its functional equivalent; single-party service or its functional equivalent; access to operator services; access to interexchange service; access to directory assistance; and toll blocking for qualifying customers.
4. Other services can be provided with the Lifeline Service at applicable rates and charges.

B. REGULATIONS

1. Regulations specified elsewhere in the Company's tariffs apply to Lifeline Service.
2. Lifeline Service is available only with residence services, excluding foreign exchange service. Lifeline Service is limited to one line per household at the customer's primary residence.
3. A miscellaneous service charge does not apply when Lifeline Service is added or discontinued to existing service when that is the only work being done.
4.
 - a. A discount of 20% of the Basic Local Exchange rate or \$11.25, whichever is greater, on the monthly rate for Basic Local Exchange Service for Lifeline customers is applicable. For Lifeline customers 65 years of age or more, the discount will be 25% of the Basic Local Exchange rate or \$12.35, whichever is greater. The total discount shall not exceed 100% of all end-user common line charges and the Basic Local Exchange rate.
 - b. The credit will be applied in the following order: (1) The Interstate End User Access Charge, National Exchange Carriers Association, Inc. Tariff F.C.C. No. 5, Access Service. (2) The balance of the credit, if any, will be applied as a credit to the Basic Local Exchange rate. (D)
 - c. The Company will provide, at the qualifying customer's option, toll blocking service at no charge. The Company defines toll blocking as a service provided by the Company that lets the customer elect not to allow the completion of outgoing toll calls from their telecommunications channel.
 - d. The Company will not require a service deposit in order to initiate Lifeline Service if the qualifying customer voluntarily elects toll blocking service.
 - e. The Company will not disconnect Lifeline Service for non-payment of toll charges by qualifying customers.
5. The Lifeline plan will apply after receipt and processing of a completed Company or community/government provided application, including documentation indicating that the household income meets the eligibility standards established above.
6. Customers of Lifeline Service must notify the Company of any changes which would affect qualification. Reverification of eligibility will take place on an ongoing basis. When the customer is no longer eligible for Lifeline service, the Lifeline discount would be discontinued and regular tariff rates and charges would apply.

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Pigeon Telephone Company hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
